

WE MANAGE  
YOUR RECEIVABLES;  
YOU MANAGE  
YOUR BUSINESS

## WHAT WE DO

### THE PROBLEM

One of the biggest challenges faced by businesses in the UAE, whether SME or a large corporate, is enormous aged receivables. It not only affects the working capital, it increases bank debt and cost of doing business, in addition to litigation and recovery costs, but at times also puts the going concern of an entity at risk.

### WHAT LITWINS DOES

Litwins is a Receivables Management Service in the UAE. We arrange litigation funding to absorb all your costs for court proceedings and offer effective litigation management to ensure timely and tangible results, always keeping the window open for negotiated settlement.

### OUR APPROACH

Our approach is amicable and we strive to help you retain trusted relationships that you have built with your customers. It's not just about collecting a debt anymore. It's about securing positive outcomes, not only for you, but also for your stakeholders.

### SHARING SUCCESS

Our reward is a share in the successful recovery of your Receivables. There are no hidden costs or fees at any stage of the entire process, including our service delivery.
